The Student's t-test is a statistical test that compares the mean and standard deviation of two samples to see if there is a significant difference between them. In an experiment, a t-test might be used to calculate whether or not differences seen between the control and each experimental group are a factor of the manipulated variable or simply the result of chance.

Occam's razor (also Ockham's razor or Ocham's razor (Latin: novacula Occami); further known as the law of parsimony (Latin: lex parsimoniae)) is the problem-solving principle that essentially states that "simpler solutions are more likely to be correct than complex ones." [citation needed] When presented with competing hypotheses to solve a problem, one should select the solution with the ...

Occam's razor - Wikipedia

This article directly addresses the scientific evidences in favor of macroevolutionary theory and common descent. It is specifically intended for those who are scientifically minded but, for one reason or another, have come to believe that macroevolutionary theory explains little, makes few or no testable predictions, or cannot be falsified.

29+ Evidences for Macroevolution: Part 1 - TalkOrigins Archive

AET 101 Internal Combustion Engine Theory and Servicing. This is a theory/laboratory course designed to introduce the student to basic heat engine types, their physical configurations and various engine operating cycles.

Los caracteres no hacen al género, el género nos da sus caracteres. - Carlos Linneo (1751 :119)
Con estas palabras, Linneo reconocía que las especies se agrupaban de forma diferente si se elegían caracteres diferentes para diferenciarlas, pero había "algo más" que la mera similitud de caracteres que agrupara a las especies en un mismo género, y había que saber elegir los caracteres a ...

Taxonomía - Wikipedia, la enciclopedia libre

Evidence of common descent of living organisms has been discovered by scientists researching in a variety of disciplines over many decades, demonstrating that all life on Earth comes from a single ancestor. This forms an important part of the evidence on which evolutionary theory rests, demonstrates that evolution does occur, and illustrates the processes that created Earth's biodiversity.

Evidence of common descent - Wikipedia

AFR 101 - The Foundations of the U.S. Air Force I This is a survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organization of the Air Force.

Introduction to Physical Anthropology - Arnie Schoenberg

A couple of years after that news and more stories of black and other minority progress on GCSEs, GL Assessment, an independent testing organization, published results of their Cognitive Assessment Tests (CAT), indicating the performance of different ethnic groups. The CAT, though given to children at age 11, is highly correlated with GCSE results at age 16.
