What's the Big Idea? Integrating Young Adult Literature in the Middle School By: Marshall A. George. Drawing on New York City teachers' experiences, this article examines three ways to effectively integrate young adult literature into the curriculum: use core texts (usually novels, but also other genres as well) that the entire class read and study together; organize literature study with text ...

World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...
