

Energy Efficient Creative Lighting Solutions For Outdoor

Energy Efficient Creative Lighting Solutions

Modern appliances, such as, freezers, ovens, stoves, dishwashers, and clothes washers and dryers, use significantly less energy than older appliances. Installing a clothesline will significantly reduce one's energy consumption as their dryer will be used less. Current energy-efficient refrigerators, for example, use 40 percent less energy than conventional models did in 2001.

Efficient energy use - Wikipedia

NuLumenTek was founded in Ireland in 2012 and we opened offices in Abu Dhabi and Saudi Arabia in 2013. Our primary mission was to support companies migrate from old inefficient lighting technologies to LED lighting technology.
