The 10 Priorities provide the concrete actions that are needed to achieve the objectives of the WHO Global strategy and action plan on ageing and health. Each priority is crucial to enable the world to take on a decade of concerted action on Healthy Ageing (2020-2030). Many are inextricably linked and all will require collaboration with many key partners.

Many scholars have documented the way information and communication technologies (ICTs) have been entwined with major changes in society since the invention of electrical telegraphy in the 1830s. For some, the early ICTs, as well as those stemming from the invention of the microprocessor in the late 1960s, are best characterized as being revolutionary.
