Make sure your TV input source matches the video source that you are using. On the TV remote control, press the Source or Input button. Input 1, HDMI 1, or S-video or similar displays, depending on your TV. If your TV does not have this option, you cannot use it as a second monitor without using special video signal processing (not covered in this document).

Monitor who is going in and out of your garage with Genie Aladdin Connect Smartphone-Enabled Garage Door Controller to open and monitor your door.

Aladdin Connect Smartphone-Enabled Garage Door Controller ...

Fix #11. Sometimes there will be a default "Intel audio for display" internal driver installed for the existing motherboard. This is generally the case, when you don't have specific speakers attached to laptop or TV. Then you uninstall that driver and install the "Device with hdmi audio output support" external driver. Your HDMI audio should start working!
