James is a researcher that is trying to understand the impact of climate change on the environment. Evaluate what would be his BEST course of action: Use a nonscientific method and apply logic so that he comes to the conclusion that climate change is definitely the only possible cause of the problems. Apply it to a scientific model, so that he can simplify and better study the impact of climate change.

EXAM PAPER Economics 1A. Profit over and above the normal profit than a firm makes. Normal profit can be regarded as part of the costs that a firm incurs in the process of production (it is the payment to the entrepreneur as is the payment of wages to an employee). Economic profit is made when the ATC is below the MR (Marginal Revenue or income) curve of a firm.
