Use a simple pendulum to determine the acceleration due to gravity in your own locale. Cut a piece of a string or dental floss so that it is about 1 m long. Attach a small object of high density to the end of the string (for example, a metal nut or a car key).

The Simple Pendulum - College Physics - opentextbc.ca

This page is a collection of links for children, teachers, and parents. Science topics are based on the curriculum for Kindergarten through grade five, although many pages will be of interest to older students.

Teach the Children Well-Science
