Which type of report is submitted by the observer upon encountering enemy activity to higher headquarters through the most secure means?

Which type of report is submitted by the ... - answers.com

For our first symposium of the new year, we decided to ask several Christian leaders what they thought might be the most important issues to be faced by the church in 2018. We were delighted with the diversity of emphases provided by our panel as each individual analyzed out the various issues facing Christianity in the months ahead.

Challenges Facing the Church in 2018 - Break Point

The Catholic Church on the Seven Deadly Sins of Socialism However well-intended, socialism is a virus that drains human energy and degrades us.

The Catholic Church on the Seven Deadly Sins of Socialism ...

Pragmatism is a philosophical tradition that began in the United States around 1870. Its origins are often attributed to the philosophers Charles Sanders Peirce, William James, and John Dewey. Peirce later described it in his pragmatic maxim: "Consider the practical effects of the objects of your conception. Then, your conception of those effects is the whole of your conception of the object."

Pragmatism - Wikipedia

Philosophy of science is a sub-field of philosophy concerned with the foundations, methods, and implications of science. The central questions of this study concern what qualifies as science, the reliability of scientific theories, and the ultimate purpose of science. This discipline overlaps with metaphysics, ontology, and epistemology, for example, when it explores the relationship between ...

Ethics - The history of Western ethics: The first ethical precepts must have been passed down by word of mouth from parents and elders, but as societies learned to use the written word, they began to set down their ethical beliefs. These records constitute the first historical evidence of the origins of ethics. The earliest surviving writings that might be taken as ethics textbooks are a ...
